PROFILE SUMMARY

I am Shiv Patel, a BE Computer Engineering student passionate about web development. Proficient in front-end and back-end technologies such as HTML, CSS, JavaScript, React, and Node.js, I excel in creating responsive, user-friendly websites and web applications. With strong problem-solving skills and a keen eye for design, I enjoy tackling coding challenges and optimizing web performance. Dedicated to continuous learning, I am eager to contribute to innovative projects and stay updated with the latest web technologies.

EXPERIENCE

IBM SKILLSBUILD WEB DEVELOPMENT INTERNSHIP (2 weeks)

REMOTE

Job role: Web Development

As a Web Developer Intern, I gained hands-on experience in HTML/CSS/JAVASCRIPT by collaborating with a dynamic team on various projects and developing and maintaining web development applications, enhancing functionality and performance. We are collaborating with cross-functional teams to gather requirements and deliver effective solutions.

IBM SKILLSBUILD ARTIFICIAL INTELLIGENCE INTERNSHIP (2 weeks)

REMOTE

Job role: Artificial Intelligence

Developed a chatbot project during an IBM SkillsBuild internship focused on Artificial Intelligence. Utilized natural language processing (NLP) and machine learning techniques to design and implement an interactive, user-centric chatbot solution. Gained hands-on experience in AI development, project management, and deploying AI tools to solve real-world problems.
